

Enhance the performance of your assets with AssurePoint* OnDemand Services

AssurePoint OnDemand Services from GE Healthcare can help you get the most from your assets for as long as you own them. Choose from a variety of services that will help you optimize availability and productivity so you can focus on delivering quality care.

Support that fits

AssurePoint OnDemand Services means much more than the comprehensive ongoing maintenance and service you've come to expect and trust from GE. You can also turn to us for specialized services that help optimize your assets when you have upgrade, equipment restoration and equipment relocation needs.

A smooth path for upgrades

Consult with your GE Field Engineer to plan an upgrade path that best meets your needs and budget. We can help with the following and more:

- Upgrade critical system components
- Install the latest software applications
- Add an OEM certified uninterruptible power supply to protect your assets from power fluctuations

Quick restoration of high use assets[†]

We can ensure your workhorse assets continue to deliver value. Let us:

- Restore critical assets to original OEM design specifications
- Ensure installation of the latest revisions of OEM replacement parts for your system
- Give your asset a complete exterior restoration

Simplify your room moves

We can help you relocate an asset quickly and professionally to a new room, another department or another site. Your GE Field Engineer is trained on OEM specifications to help ensure:

- Proper installation
- Precise calibration
- Comprehensive testing

Service from a familiar face

All these services come backed by the reassurance that your GE Field Engineer will upgrade and restore your assets. Because your GE Field Engineer knows your facility, assets and users, you can relax knowing that someone who really understands your day-to-day operations will be managing the project.

Find out more today

Our AssurePoint OnDemand Services can help deliver more life and more performance from your clinical assets. For more information on these or any of our AssurePoint Services, contact your GE customer support representative at:

(800) 345 2700 non-imaging medical devices
(800) 558 2040 imaging systems

† Restoration is not available for all products. Please consult your GE Field Engineer for a list of available options.
